Terms of Contract

Stud Fee

- () To be paid in full before mating occurs (Required for all non AKC litters)
- () Paid as a Deposit, with balance due at time of litter whelping
- () Pick of puppy Male/ Female, to be determined by stud dog owner

The stud fee is \$800. The amount of \$400 is to be paid at time of breeding as a deposit, with the balance of \$400 due upon the resulting Litter. Litter registration papers will not be signed until all stud fee's and any associated veterinary costs have been paid in full.

Definition of Litter

A Litter, for the purposes of this Contract, is defined as a minimum of 2 puppies born alive. If Breeding does not take, a Repeat Breeding will be given to the same female on her next season. If the female fails to conceive on the return service, this Contract is terminated. If other arrangements have not been made with the Stud Dog Owner(s) and the female is not bred on her next season, or is bred to another Stud Dog on her next season, the Deposit is forfeited and the Contract is null and void. If Litter results in only one puppy, and the Dam

Stud Contract

Owner does not wish to repeat the Breeding, the deposit paid prior to Breeding, plus expenses, will be considered payment for a one puppy Litter and the Contract is fulfilled.

Balance of Stud Fee must be paid in full before female is returned to Dam Owner after a repeat Breeding.

Stud Owner Agrees to:

- 1) Provide a three-generation pedigree of the above-named Stud Dog;
- 2) Provide copies of any OFA or other clearances or testing results that have been performed on the Stud Dog;
- 3) Take proper care of the Dam while in Stud Dog Owner's charge;
- 4) Sign Litter Registration promptly upon payment in full of Stud Fee and any other outstanding balance related to this Breeding.

Dam Owner Agrees to:

- 1) Pay the agreed Stud Service Fee/ Deposit before the Dam is serviced;
- 2) Pay the Balance of the Stud Fee upon birth of Litter resulting from this Breeding;
- 3) Provide a three-generation pedigree of the Dam to be bred; (for AKC litters)
- 4) Provide copies of any OFA or other clearances or testing results that have been performed on the Dam to be bred;
- 5) Provide documentation of a clear vaginal culture. This is to protect both the Stud and the Dam. Further it is suggested that the culture be done far enough in advance to allow treatment of any problems with antibiotics before the Breeding. If while in care of the Stud Dog Owner, a culture or veterinary examination may be required at the Dam's Owner's expense if there is any suspicion of a problem. Dam Owner shall be liable for any loss of Stud Dog's future services due to Dam Owner's concealment, or failure to properly treat health problems;
- 6) Send the Dam in good health, free of parasites or infections, and in season;
- 7) Notify Stud Dog Owner in writing, no later than 70 days after Breeding, if no pregnancy results from the mating. Notification must be accompanied by supporting x rays performed after day 50 of last mating and performed before day 65 after day of last mating. Failure to do so will result in no return service being provided;

Stud Contract

- 8) Keep the Dam properly confined following Breeding to ensure no other Dog could mate her accidentally before her season is complete;
- 9) Agrees to not knowingly sell or transfer puppies resulting from this Breeding to any person or firm connected with the business of resale or wholesale of dogs.
- 10) Pay any and all veterinary and financial arrangements, including, but not limited to traveling expenses, emergency vet care related to this Breeding, etc.

Other Agreements Related to Services

Dam Owner is responsible for all testing done to the female prior to and during Breeding to assure the proper timing of said Breeding. In all planned cases of AI, if Dam owner is not willing to pay for progesterone testing or smears this should be stated ahead of time and included in the contract initialed by both parties. If this is the case, we will try our best to breed the dogs at the proper time but if no puppies result the deposit/ stud fee is forfeited and no repeat breeding is offered.

Stud dog owner will not charge a boarding fee unless Dam is in the stud dog owner's possession for more than 4 days. Starting Day 5 of boarding Dam owner will be charged \$25 a day until pick up. Boarding fees are due before Dam returns to owner. Dam will be treated like one of the Stud Dog Owner's own animals when in the care of the Stud Dog Owner. She will be kept inside in Stud Dog Owner's home during her stay. She will be exercised, played with and pampered. Stud Dog Owner will make his/her greatest effort to make sure that she will feel comfortable during her stay. Dam owner is responsible for providing food to accommodate her stay at Stud Dog Owner's home.

Female will be bred or AI'd two to three times throughout her stay based on timing and test results provided by Veterinarian. We make every effort to cover her entire cycle to ensure a litter is produced from this breeding.

Under no circumstance are any puppies resulting from this breeding to be sold to third party resellers, brokers, pet shops or puppy mills. **Should this part of the contract be ignored Stud Dog Owner will pursue this clause in a court of law.**

Stud Contract

By this Contract it is specifically agreed that the Stud Dog Owner is not obligated to sign the application for Litter Registration until, and unless, the Stud Fee and any other related financial arrangements have been paid in full, or, in the case of a puppy-back agreement (in lieu of Stud Fee), the Stud Dog Owner has taken possession of the puppy as previously agreed.

I understand the above written Contract and agree to abide by all sections both typed and written. Both parties agree to all of the above agreements and terms.
